

30 March 2007

To Whom It May Concern:

I am pleased to highly recommend Four Seasons Pools. The pool contractor, Erik Eskeland responded and came to our community pool the same day we called for our pool pump room had flooded and destroyed the motor. Erik repaired the pump and installed a new 5-horse power motor the following business day. We found Erik to be one who stands out in his profession. He goes out of his way to provide excellent service to his clients. He is always cheerful, enthusiastic, professional, and followed up with us to ensure that everything was working well after the completion of work.

I know that you will enjoy working with Erik Eskeland at Four Seasons Pools. Our staff enjoyed working with him during the commercial repair project and we were comforted by the fact of his extensive knowledge and experience in the pool industry. We would call Four Seasons Pools for additional work needed on the community pool in the future. If you should have further questions, please feel free to contact me at 904-471-9300.

Sincerely,
